PROFESSIONAL SUMMARY

AI & Data Science engineering student with hands-on experience in Python, SQL, Power BI, R, and web development. Interested in Data Analytics, Python Development, and AI/Data Science, with academic projects in healthcare management, AI-based study assistance, and student analytics

EDUCATION

Bachelor of Engineering (AI & Data Science)

2024 – 2028

P R Pote College of Engineering, Amravati

CGPA: 7.31

Class 12th - HSC

2023 – 2024

Vasantrav Naik High School, Chikhali, Pusad

Percentage : 79.60%

TECHNICAL SKILLS

Programming Languages: Python, C

Database: SQL, DBMS

Data Structures & Algorithms: DSA

Data & Visualization: Power BI, R

Web Development: HTML, CSS, JavaScript

Other: Data Analysis

PROJECTS

AI Study Assistant

- Developed an AI-powered study assistant web application using Python and Flask.
- Integrated Gemini API to generate AI-based answers to students' questions.
- Created a user-friendly web interface for interactive learning and study support.

Health Book – Healthcare Management System

- Developed and designed a web-based healthcare management system for managing and storing patient health records.
- Implemented patient history, diagnosis, treatments, prescriptions, medical reports, and appointment management.
- Included role-based access for patients, doctors, and administrators to manage healthcare information securely.

College Student Management & Analytics Dashboard

- Developed an interactive student analytics dashboard using R Shiny.
- Added student data for attendance, percentage, CGPA, backlogs, internship status, and fees.
- Added KPIs, data tables, and charts for student performance analysis.

CERTIFICATIONS

- Getting Started with Artificial Intelligence – IBM SkillsBuild
- TCS iON Digital Learning Certificate
- 30 Days Power BI Micro Course – SkillCourse
- Deloitte Cyber Job Simulation
- JavaScript Training – Spoken Tutorial, IIT Bombay
